Letters of Recommendation

This section shows you all of the documents the user as submitted. To add or remove documents, please use the Document Manager that will open in a new window. Click on title to expand / collapse table.

Please add two signed and dated letters of recommendation, one from a higher authority in your Institute/Administration/Company and another from a knowledgeable outside expert. These letters should

1) confirm that your participation is encouraged by your own institution/government/company
2) give details on your present and expected future responsibilities.

People recommending more than one applicant should be aware that we will usually select only one applicant per institution. Letters should be written on a separate headed paper of the institution. Additional recommendation letters are also accepted.
